SUMMER & FALL ENROLLMENT

Summer and Fall Enrollment are right around the corner! Enrollment packets will be going out toward the end of February asking you what your plans will be for your child's schedule for both Summer and Fall. Remember we have separate enrollment for Summer as many families choose to change their child's regular schedule or not attend at all for these months. There is no penalty for doing this and your regular schedule can resume as normal for Fall. For those of you that have school-age children, remember that we also operate the School-Age Sum-

mer program for children in elementary school. We'd love to have your child join us! The number of classrooms that will be in operation as well as staffing will be determined by the number of children we have enrolled for the Summer months. It is very important that we receive your schedule requests by the due date so we may determine staffing needs, secure your child's spot and open up any available spaces to those on the waitlist or in the community. Look for more information to follow later this month! Thank you!!
